*Active users: the number of members ordered at least one time (from July 1, 2016 to June 30, 2017)

*Since this month, the number of guest users who ordered without membership registration is included in the number of active users to disclose more accurate active users.

	March 2017	April 2017	May 2017
Number of active users not including the guest users (10k users)	189	187	183
Number of active users including the guest users (10k users)	217	221	224
Y-O-Y (including the guest users)	124.7%	124.2%	123.2%

In June 2017, the number of affiliated stores exceeded 15,000 (on June 1), and we started a campaign on June 16 to reward the first 15,000 customers with 15 million T-points in total.

In the sharing delivery business, we launched services at some stores of beef bowl chain "Yoshinoya" (operated by Yoshinoya Co., Ltd.) on June 1, as the first step to introduce major restaurant brands.

As we continue to expand our sharing delivery base, we plan to increase the number of stores providing the Yoshinoya delivery services.
